TWF International Ltd has been supplying wetsuits and beach accessories from Cornwall since 1969. With 50 years of experience in manufacturing and designing wetsuits TWF have developed a high quality range of summer wetsuits, rash vests, baby wetsuits & accessories as well as variety of footwear and bodyboards.

MATERIALS

MESH CHEST PANEL

Durable textured skin finish on the surface of the neoprene for reduced wind chill.

SUPERSTRETCH FABRIC

4-way superstretch material in the shoulder areas allow greater freedom of movement during action watersports like surfing, kayaking, sailing and bodyboarding.

DURATEX KNEES

Durable textured double knit nylon which stretches as you move and protects the knees from knocks and scuffs against hard surfaces.

CONSTRUCTION

FLATLOCKED SEAMS

Flatlock is a strong, comfortable, flat stitch. Formed by overlapping the neoprene and stitching the two pieces together.

NEOPRENE THICKNESS/TYPE

3/2mm ULTRALIGHT FOAM

TWF uses a combination of multiple thickness Ultralight neoprene for increased flexibility and warmth in crucial areas

Mens

This suit is a great durable all-rounder. The ample thickness and mesh panels make this wetsuit suitable for use from Spring to Autumn. The super-stretch shoulders and sleeves enable freedom of movement in all water-based activities. Provides maximum UV protection.

TWF RASH VEST

The TWF SHORT SLEEVE RASH VEST provides constant UPF protection and features a high collar to keep the sun off your neck. Wear the rash vest under a wetsuit to give added comfort and protection against irritation. Used with a wetsuit, the rash vest also adds a layer of insulation to help keep you warmer in the water for longer. It is made from high-stretch Lycra for breathability and has been constructed with Raglan sleeves to reduce seams and increase protection. The rash vest comes in unisex sizes.
